BTN Studio Information For Pupils, Teachers and Parents.

As part of the project all participants will visit a professional recording facility to work alongside our experienced producer and engineer. The date and time of the session is noted in the table above. A BTN team member will meet your group outside 5 minutes before your session is due to start.

The Session

- Each session will last for 6 hours in total.
- Pupils will take part in a short workshop, equipment and instrument demonstrations followed by 4 hours of recording time.
- The session takes place at The Doghouse, 4th Floor, 153 Queen St. Glasgow G1 3BJ. We are located just off George Square, next door to Pizza Express.

Additional Information

- The studio is a newly fitted professional environment..
- All electrics have been certificated by an approved contractor.
- The building is wired with a central fire alarm system.
- We have 2 emergency exits.
- All BTN team members are registered with and approved by Disclosure Scotland's PVG Scheme.
- The premises have toilet and kitchen facilities.
- Pupils are welcome to bring food and beverages.
- The studio has a separate entrance with lift access. This can be easily arranged for any participant with mobility difficulties.

Contact Information

Any pupil or parent are welcome to contact us at any time with any questions they may have. The session will be taken by producer Rico Capuano and engineer Gerry Gregory.
